

### **Child Illness Policy – Updated- Coronavirus**

This year we must be hyper aware of sending children to school with illness symptoms. We will be taking temperatures at arrival each day. If your child has a temp of 99.9 degrees or higher, your child will not be able to attend school for that day and must be symptom free for 24 hours without medication before returning.

If a family member or your child becomes sick with the Coronavirus, your child will not be able to return to school until they are symptom free and fever free for 72 hours without medication. You must notify the school of a positive case of Coronavirus within your household within 24 hours. If your child or a family member has been tested for Coronavirus, please keep your child home until the test results come back.

If your child is ill with any of the following symptoms you are asked to please keep your child at home until they are no longer contagious or have a doctor's note stating that they are no longer contagious.

#### **Specific Coronavirus Symptoms**

- Fever of 99.9 degrees or higher
- Persistent Cough
- Sore Throat
- Trouble Breathing

#### **Other illness symptoms**

- A contagious disease
- Conjunctivitis
- Vomiting more than twice
- Diarrhea
- Infectious disease
- Presence of head lice or nits
